

Project Name	Team Best DNA
Required or optional?	Optional
Number of points	2
Due	1 week before next session

In class you developed some notes about what you think is your team's Best DNA: Core Purpose and Principles, Strengths, and the value your group brings to the organization.

For your practice project do the following steps:

1. Ask your manager or someone above you in the organization to help you refine what you wrote. (Ask for feedforward on how to enhance your thoughts.)
2. Once that document is done, send it to your entire team.
  - a. Ask them to prepare for a team meeting during which you would like each of them to share how they have seen someone else on the team exemplify the team's Best DNA (e.g., demonstrate one or more of the strengths, core purpose and principles, or helped create the value your team brings to the organization).

**To earn your points:**

- 1) Share your team's Best DNA.**
- 2) Share one example from a team member of someone they saw exemplifying the team's Best DNA.**
- 3) What you saw as the impact of doing this project.**
- 4) all of the above in a word document**
- 5) Email the document as an attachment to [michael@matchboxgroup.com](mailto:michael@matchboxgroup.com)**
- 6) Put a copy in your notebook**
